

This ministry provides a Christian atmosphere and fosters opportunities for fellowship and the sharing of the gospel with other divers while enjoying God's amazing underwater creation.

Activities of the ministry include:

- Regular meetings with guest speakers and programs on a variety of subjects related to diving.
- Planning of outings and dive trips: locally to the Gulf and freshwater springs, to the east coast of Florida, the Keys and possibly to Mexico and the Caribbean-with the emphasis on a wholesome family environment.
- Opportunities to learn to dive with Christian instructors
- Joining other divers in pursuing special interests such as underwater photography, wreck diving, archeological diving and spear fishing.

Ministry and evangelism opportunities will present themselves, as non-believing divers may come to know Jesus through joining us in these activities, and as Christians support and encourage each other in the Lord through the relationships formed while diving together.

We are currently gathering names to determine if there is enough interest to pursue the idea. As far as we know, this would be the only Christian dive club in the Tampa Bay area.

Our sincere desire is that God would be glorified in this activity, that families would come together, and that friendships would be forged with other believers through this diving club.

Please let us know if you are interested in joining us by signing up in the Main Lobby and we will let you know our future plans. Contact Bob Bourke at 531-9101 for more info.
