

# NOW OFFERING

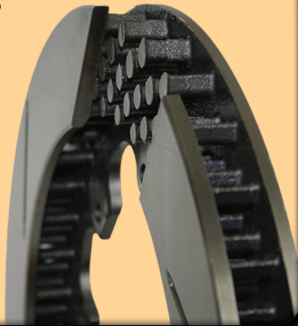

## F88 ALUMINUM CALIPER

- Stiffest caliper on the market
- Less brake heat and no fade
- Universal mounting for inboard
- Internal brake fluid passages
- 10% stiffer bridge bolts
- 1/8" NPT inlet port
- Forged pistons with hard coat anodizing
- Standard 3 1/2" bolt pattern spacing
- Speed bleeders for quick installation
- Forged 6061 aluminum construction

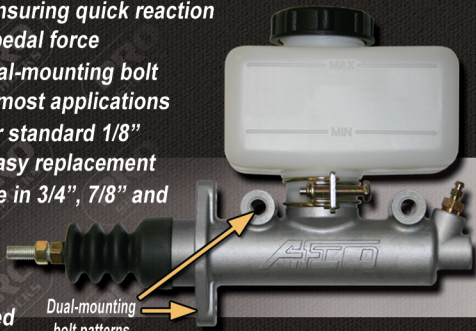

## PILLAR VANE SLOTTED ROTORS

- Strength of an 80 vane rotor with the weight savings of a 32 vane rotor
- More brake pad surface support (pillars) to prevent rotor cupping
- Machine balanced to reduce vibration - improves brake system performance
- Double disc ground to assure precise flatness
- Increased cooling capacity-allows for trail braking, lap after lap
- Gas slots to wipe brake pad and eliminate brake system fade

## REMOTE RESERVOIR MASTER CYLINDER

- External return spring maintains positive pedal feel & prolongs pad life by ensuring quick reaction to released pedal force
- Common dual-mounting bolt patterns for most applications
- Designed for standard 1/8" fittings for easy replacement
- Models come in 3/4", 7/8" and 1" bores
- Aluminum bore with hard anodized pistons

# NEW ADDRESS

PRO Shocks has a new location! To better serve you, please call 770-995-6300 before shipping any shocks in for service. We would like to issue a return number and log your return in our computer system for tracking purposes.

- For shock REPAIR or REVALVE service, contact PRO Shocks at 770-995-6300 ext. 6210.
- Have the amount of shocks, the shock serial numbers and the specific service required for each shock ready to relay to your sales representative.
- Upon calling PRO Shocks, you will be issued a return number. Please place this number on the outside of the box, next to the shipping label. This same number that you are given will be the number used for tracking and reference while being serviced.
- When your shocks are completed, a PRO Shocks salesperson will contact you for payment and return shipping.
- To RETURN a product, contact PRO Shocks at 770-995-6300 and let us know you would like to return a purchase.
- ALL RETURNS MUST REFERENCE AN INVOICE NO OLDER THAN 12 MONTHS.
- Upon calling PRO Shocks, you will be issued a return number. Please place this number on the outside of the box, next to the shipping label. The return number will be your reference number going forward.
- PRO Shocks will process your return quickly and will contact you with the details.

# COMPANY NEWS

## ▲ NEW ERA BEGINS FOR PRO SHOCKS!

PRO Shocks has recently been acquired by A-FAB LLC, located in Boonville, IN. Our main focus is to continue to provide the same great feel and level of on-track performance you have come to expect from PRO Shocks. If you are an existing PRO Shocks customer, we invite you to allow us the opportunity to serve you. If you are not a current PRO Shocks customer, we ask you to give us the opportunity to earn your business.

## PRO SHOCKS REDEFINES CUSTOMER SERVICE!

We back up our suspension components with talented sales, tech and customer service personnel to ensure you receive the product you want, the answers you need and the support you demand.

## PRO SHOCKS ADDS NEW TECHNOLOGY!

Producing shocks that win on starts with a comprehensive knowledge of chassis dynamics. From there, stringent tolerances are held during the assembly and dyno process so that the finished product performs better than expected.

# TESTIMONIALS

"Thanks to PRO Shocks for supplying me with the best shocks! PRO Shocks offers the most driver feel of any shock on the market and on any track condition from slick to rough. We won 11 races in 2012 and the World of Outlaw Championship for the fifth time!" - Donnie Schatz

"I have found more grip and feel in PRO Shocks than any other shock I have used before."  
- Sam Hafertepe Jr.

"Thanks to PRO Shocks for helping me get my shock program back on track in 2012! The team was able to win 23 races and the ASCS Championship. Thanks for all of the support over the years!" - Jason Johnson

"I've been racing Super Late Models and Pro Late Models for over 20 years. After more than 100 feature wins and 10 championships, I've learned one thing... You won't be a champion unless you use PRO Shocks." - Chris Whorton

"In my opinion, because of PRO Shocks, I have set many track records and won many indoor races. I have always had help and speedy service from PRO Shocks!" - Lou Cicconi
